<b>COMMENTS</b>					
Areas that instructor should improve.					
<p>Gary is one of the best instructors I've had in the last 3 years. I don't know if I could ask him to be any better than he is !!</p> <p>He always encourages "thinking outside of the box" and have always encourage participation from the class. I have always felt safe talking or express my opinions.</p>					
Areas the module content should improve.					
<p>He is also creative in getting the class to talk. For example - the debate at the last class regarding sustainable purchasing - what a great way to improve,</p>					
Other suggestions. encourage and/or enhance our communication skills!					
<p>Good job Gary! Wish we have more of the debates in previous modules.</p>
